

THE GLEICHEN CALL

VOLUME XXX

NO. 8

GLEICHEN, ALBERTA, WEDNESDAY MAY 12, 1937

SUBSCRIPTION \$2.00 PER YEAR

SCOUTS AND CUBS BANQUET WITH FATHERS FRIDAY

A very successful banquet was sponsored by the parents of the boys was held in the dining room of the Community Hall on the evening of the 7th.

It was in the nature of a father and son gathering and the following persons were present: M. Rodominski, P. Warner, E. Taylor, J. Egles, Bers Reid, W. Varnell, J. Robinson, A. Gilbert, Dr. McIntyre, W. Thompson, J. Christensen, L. Michael, W. McKay, Dr. Farquharson, G. Evans, Mr. Peter Windson was also present.

After a sumptuous supper, provided by the mothers, a short program was conducted with David Gairland, as chairman. Frank Michael proposed a vote of thanks to the local committee which was replied to by Mr. James Black.

The outstanding speeches of the evening were given by Robert Black and Albert Riddell, the former dealing with last year's camping experiences at Sylvan Lake and the latter explaining the making of and handling of bow and arrow. Community singing led by District Commissioner Hugh was also a success.

A few remarks by Mr. Gilbert, vice-president of the local association and Mr. J. P. Hansen of Standard, a past president of the Bow Valley District Association, ended the program at the dining hall.

In the main hall the Cubs in charge of Miss Irene Phillips played a game and then followed the most interesting part of the program. Edgar Taylor, L. Christensen and S. Johnstone were invited as Scouts. The ceremony was conducted by Scoutmaster Hunt, assisted by District Commissioner Hugh, Assistant Scoutmaster Lester and Cubmistress Miss Phillips. Pric Crawford was also invited as a Scout. Before closing in proper form Commissioner Hugh addressed the boys.

There were 10 Cubs and 27 Scout present and a successful year is being looked forward to by the boys.

A hearty vote of thanks was extended to the mothers and fathers, particularly to Mrs. Black, Mrs. Taylor, Mrs. McIntyre and Mrs. Evans for the assistance in the kitchen. G. H. Gooderham and Col. Lewis expressed their regrets at not being able to be present on account of a previous engagement.

THE WORLD OF WHEAT

By H. G. L. Strange, Director of "Crop Testing Plan"

"To save the prairie farmers from losing some sixty million dollars of wheat in rust years."

Such was the problem set for the Rust Research Laboratory which was established at Winnipeg with resolution and earnestness in 1925.

Well equipped, and well-staffed with competent scientists, plant physiologists, pathologists, geneticists, plant breeders and statisticians, the laboratory started to work with energy and vision. The nature of the rust spore itself was studied. It was found that the spores consisted of many families and strains, which affected different varieties of wheat each to a greater or lesser degree.

Soon the barberries in the west were detected, yet the rust spores still appeared. Now it was found these were air-borne, coming from the United States, perhaps from as far south as Mexico.

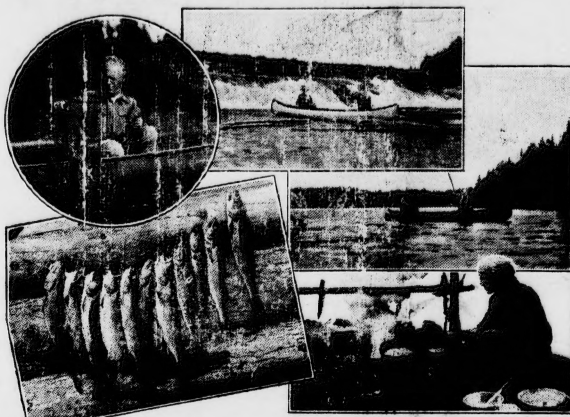

Finally out of all the work, several new varieties of rust-resistant wheats were developed. They are still being tested for milling and baking quality, yield, stiffness of straw, earliness and resistance to plant diseases; it is hoped, too, they will be resistant to all known forms of rust.

One new variety, Remwin, has been licensed and released for use. This at hundreds of points it is being tested by farmers against Thatcher and Apex.

Factors which have tended to raise price: Broomhall increases estimated importers' requirements. More rain needed in Southern Hemisphere.

Small wheat crop expected in Spain. Heavy rain and high temperature causes rank growth in the Yangtze Valley (China). Decided decrease in Argentine shipments. Export be-

Sport Fishermen Ready for Season

Canadian fishermen, bored to tears after telling each other all winter about the big ones that got away, will soon be able to make a fresh start. Spring brings the opening of fishing seasons throughout Canada, and indications from inquiries from sportsmen and information from guides pour into the offices of A. O. Seymour, general tourist agent, Pacific Railway. Most

real, are that game fish are going to have a hard time of it.

More people are planning early vacations to take advantage of the fishing while it is at its best. Reports from Canadian Pacific Railway hotels in the Maritimes and Quebec, the Devil's Gap and French River Dismalow Camps in Ontario, and bungalow camps and hotels in the Canadian Rockies, as well as favored fishing centres on Canadian Pacific lines

indicate that sportsmen are on the move again. The number of Canadians travelling within Canada and of Americans visiting this country especially for fishing will run into many thousands. In a country the size of Canada, and with its variety of fish and conditions, opening seasons vary widely in the different provinces, a fact shown in fishing booklets obtainable from all Canadian Pacific Railway agents.

GIRLS SOFTBALL CLUB STAGE AMATEUR NIGHT

The Gleichen Girls Softball club sponsored a most successful amateur contest in the Community Hall. The program got under way with the girls in uniform singing their theme song. Mr. G. H. Gooderham, who proved to be a very interesting and able master of ceremonies, made a short but interesting speech before calling on the first amateur. Amateurs were called in the following order:

Theresa Fleury, singing and tap dancing.
Clarence Sharp, Cluny, singing with guitar.

Marilyn Jones, reciting.
Laverne and Evelyn Blair, Cluny, harmonizing with guitar.

Laura Morrow, singing.
Josh Schickel, Cluny, singing with guitar.

Grace Anglin, tap dancing.
Margaret Ich, singing with ukulele.

Lila and Audrey Service, singing.
Norm Varnell, tap dancing.

Anne and Eileen Kelly, Cluny singing with guitar.
Eileen Schnepp, singing.

Si and Hiram, singing with guitar and mouth organ. They got the gang.
Hazel Crum, singing.

Billy Johnson, singing.
Peggy McArthur, yodelling, with guitar.

All Girls Orchestras, composed of Esther Dooney, Rose, Woods, Betty Jane McQueen, Joan Black, Mary Leifor Coplin, Mariel Gilbert.

Louise Allstott, the singing usher, singing and tap dancing.

The judges were Father Hyatt, Mrs. Irvine, Mrs. Pineau, Mrs. Birch and Mr. May of Cluny.

It was very difficult for the judges to pick two winners when such varied and praiseworthy performances were given.

The winners were Helen Kelly, Gleichen, first and Laverne and Evelyn Blair, Cluny, second.

While the judges were conferring, Maxine Allstott, captain of the Red Wings, made a short speech thanking everyone for their help and support. Isabel Kelly played a piano solo and then Bruce Gilbert accompanied for the amateurs, played while the audience sang two songs.

Next Ruth McArthur played the piano, the audience, which numbered close to 400, with a vocal selection accompanying himself on the guitar.

After all expenses were paid the girls were able to deposit \$35.00 to their account.

Harry Carrick has a White Leghorn hen who doesn't believe in sit down strikes. She evidently thinks special events in the empire should be duly recognized in her line of industry. She got busy and produced a Coronation egg. This particular egg measured 8 1/2 x 7 1/2 inches and contained two yolks. Harry is to be commended on the ability of his hen and here's hoping she produces more giant eggs.

REPORT OF LAST MEETING OF TOWN COUNCIL

A regular meeting of the town council was held last week. It was decided that a letter be sent to the auditors informing them that in the past the school and the town books were included in one audit, and that it is understood that their appointment covers both the town books and the school books.

A motion gave the secretary, treasurer, full authority to collect all outstanding business taxes. J. A. Menard was appointed deputy mayor for the ensuing three months. The matter of purchasing a compressor and motor was turned over to the light committee with power to act.

Certain properties had been included in the tax sale this year which the council had been asked to consider a postponement. The secretary was instructed to advise those concerned that the council has no choice in the matter but to let the properties go to tax sale in accordance with the tax recovery act, unless one year's taxes could be paid before the date of the sale, which would reduce the arrears to the requirements of the act. A letter had been received from Sharps Circuit Shovel asking that arrangements be made for the summer as soon as possible. The secretary was instructed to advise them that the matter would be definitely settled at the next meeting.

The secretary was instructed to have the brick house on Block A near the highway advertised for sale and that tenders be called for the same. The matter of grading the streets was discussed and the public works committee empowered to carry out the work. The secretary was instructed to notify all property owners and others by circular to be distributed from house to house, to have all rubbish cleaned up from back lanes and properties before May 12th.

Councillor McConnell suggested

FARM WOMEN ORGANIZE SOCIAL CLUB AT MEETING

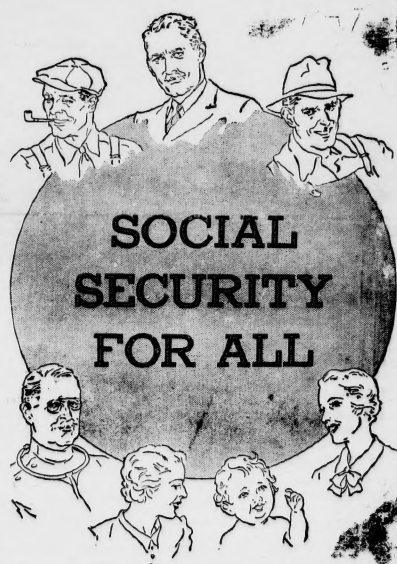

A social club was recently organized by the farm women of Gleichen and district, when a group of ladies of the community met at the home of Mrs. E. Etheridge for a social afternoon and tea.

Officers were appointed as follows and plans were made for making this a really live social affair.

President, Mrs. J. A. McArthur. Vice-President, Mrs. O. L. Callins. Secretary, Mrs. E. Etheridge.

The club met Wednesday afternoon May 5th, at the home of Mrs. J. A. McArthur with eleven members present. After a routine of business the subject of "Gardens and Gardening" was well discussed and many very helpful and interesting suggestions were heard on the subject. Luncheon was served by the hostesses assisted by Mrs. Callins and Mrs. Yule.

The next meeting will be held at the home of Mrs. Bert Stots on May 9th and the subject for discussion will be "Household Hints and Interior Decorating." All ladies welcome.

SOCIAL security is today available to YOU—and to every man and woman, young or old, rich or poor—through savings in Life Insurance.

In fact, Life Insurance offers you a triple measure of social security—protection for your wife and children in the event of your death—a cash reserve to tide you over emergencies—and financial independence for your own old age.

No other plan of social security can give you such complete peace of mind. And only Life Insurance enables you to create an immediate estate with modest savings.

Today Three and a Half Million thrifty Canadians are banded together for mutual protection through Life Insurance. Ninety-three per cent. of these policyholders are insured for amounts of from \$500 to \$5,000.

To you and your family, Life Insurance offers the finest form of savings and security.

The Community Newspaper

Few people appreciate in anything like full measure the tremendous influence for good exerted by the country weekly newspapers of the western provinces in the communities they serve and the quality of the service rendered by the proprietors and editors of these weekly symposiums of world, national and local current events.

Whether realized or not, however, the fact remains and can be irrefutably established that the well-conducted and discriminately edited country weekly—and that means the great majority of them—fulfills an extremely important function in the town and rural district in which it circulates. Nothing else that the subscriber purchases can be bought to yield such value for such a small monetary consideration.

And not only in quantity of material does the subscriber receive great value for an almost infinitesimal outlay but the quality of the merchandise offered to the purchaser of the paper is an unparalleled tribute to the discernment, ability and integrity of the proprietor who shapes its course and determines its policies.

An analysis of the contents of the average issue of the mill-run of country weeklies in the west demonstrates that considerable discernment is exercised in the selection of the news presented to their readers, that a high moral plane dictates the selection that is made and that service to the community of a high order is invariably maintained throughout their columns whether devoted to world events or to small local occurrences.

Partly because of this all-embracing tone permeating from the first paragraph to the last and partly because in many homes the local weekly is the sole printed purveyor of current topics no literature is more consistently and carefully read or with such close scrutiny, including the advertisements, than the country weekly newspaper.

Another factor which commends the country weekly to its readers and subscribers is the eminently sane outlook of its proprietor and editor in approaching the problems of the day—whether they be political, social, religious or economic. Their utterances invariably reflect a breadth of vision and spirit of tolerance so much needed in a world gone mad and at a time when too many turn aside to follow false gods or pursue spurious theories and "isms".

Then, too, much of the extraordinary influence exerted by the country weekly upon its readers should be attributed to the liberal space devoted to plans which have as their objective some phase of community betterment or improvement of the town and district. In this respect owners and editors give much of their time and energy to worthy causes for which there is no recompense other than the satisfaction which comes from having assisted in the promotion of a beneficial project.

Alongside the more imposing and voluminous metropolitan daily which is "sufficient unto the day" for its clientele, the country weekly paper may appear comparatively insignificant, but the latter is picked up, read and re-read and its entire contents of news, editorial content and advertising is digested and re-digested for a week until the succeeding issue steps into the breach. And it is largely because of this assiduous and intensive study and reflection which the weekly newspaper inspires that it wields such an important influence on its readers.

The country weekly also can be counted upon for loyalty to its readers, subscribers and advertisers, for justifiable pride in the town and district which it serves and in so doing is worthy of support, in season and out of season, from the local merchants, the local board of trade, the local sports organizations, the local churches and the people of the district, for the local paper is a co-operative enterprise, even though privately owned.

Without the services of a sound, sane country newspaper, any community is bound to suffer and many worthy local ventures would languish and wilt of inanition and without the whole-hearted support of the many individuals which make up the community the local paper would lapse into a decline and eventually inherit a lamentable grave.

The fact that the great majority of the country weeklies have survived the gruelling test of a depression of unprecedented length and excessive severity—and the casualties have been surprisingly few—speaks volumes for the high regard in which they are held, perhaps often unconsciously, by the people they have served, and are serving so well and so tenaciously, despite great handicaps.

Public Too Curious

People Barred From Parts Of Windsor Great Park

The decision, reluctantly arrived at, to close to the public parts of Windsor Great Park near the Royal Lodge to secure privacy for the King and Queen is a lesson to people who have been indiscreet in their curiosity, comments a writer in the London Daily Sketch. The ruling may be relaxed later if conditions improve. The King and Queen like to regard Royal Lodge and the Great Park as a part of their private lives.

For years there has been a standing reward of \$1,000 for one pound of manufactured comb-honey.

A bud has the remarkable power to reproduce every part of a tree: stem, foliage, branches and fruit.

HOW'S YOUR STOMACH?

YOU lose vital nerve force if you allow your stomach to become sluggish. Acid stomach, indigestion, gas or biliousness, and "nervousness" cause the blood to be poisoned and will eventually destroy health and vitality. I suffered with this very thing and that would cause distress. I tried many remedies but they did not help. I was told to try Dr. King's Kidney Pills. I gained in weight and strength and could do my work. The pills were a well-earned prize of mine. Buy now!

Not New To Eskimos

Natives Of Remote Island Have Always Had Social Security

Social security is centuries old in the primitive Eskimos of remote Nuvuk Island.

They provide for their aged and needy through "gift festivals" a noted German scientist, Dr. Hans Himmelscher, disclosed after a five-months' study of the natives.

"All festivals are held mainly to exchange gifts, everyone making what he can to give away, even kayaks (skin boats) and 100-year long seal nets, thus showing his value to the community."

"The gifts are piled up and then distributed by the most respected man, to the old and poor first. This provides an economic minimum for all members of the community, since many suffer undeservedly, being bodily incapable or unfortunate."

Bird nests are important export articles of the Malayan Islands. More than 3,500,000 nests of the edible swift have been imported to China in one year, for conversion into birds' nest soup.

In the Samoan Islands, whole villages often pack up and go on excursion visits to other islands as far as 60 miles away. The trips often last six months.

Apparatus has been developed by New York state scientists for taking full-length X-ray pictures of men and women in color. 2108

Preservation Of Liberty

American-British Friendship Best Guarantee Of World Peace

Under the heading "hang together or hang alone," an editorial in the New York Daily News endorsed that part of Lord Tweedsmuir's recent speech at the United States naval academy in which the governor-general of Canada said:

"The American and British navies are united in the same purpose—the preservation of liberty and peace."

The News foresaw difficulties if an attempt were made to put a formal threat and military alliance between Britain and the United States through parliament or congress.

"We would hardly like to see ourselves up in an agreement to help Britain fight Italy or Russia," it argued. "Britain wouldn't like to be tied up to us for some conceivable South American or Mexican war."

"But for the two of us to keep our informal friendship unfalteringly warm is only common sense... as long as we maintain the world's two most powerful navies, any nation will think a long time before picking a fight with either Britain or ourselves."

The editorial added that American-British friendship is not only natural, but is also, as Lord Tweedsmuir says, the best guarantee of both nations' safety and the best insurance against another world war.

Mahatma Gandhi

Reported To Be Leading The Life Of A Typical Villager

Mahatma Gandhi is now leading the life of a typical villager.

He has taken permanent residence in a hut on the outskirts of Sheogan village, seven miles from Wardha (Central Provinces). His wife and secretary live at Wardha, hence the latter goes daily to his master. The road to Sheogan lies partly through fields which become a morass during the monsoon, making communication difficult.

Nearly a hundred huts, some thatched, are scattered about the village. Gandhi's home, which is a tiled hut of mud, has an airy hall in the centre which serves as his study. A kitchen, storeroom and bath complete the home. At the side is a small stable for goats.

Gandhi has no program for the future these days aside from his daily schedule. The villagers attend his open-air prayers at dawn and dusk.

Received Lloyd's Gold Medal

Admiral Evans Holds Star Award For Gallantry At Sea

Admiral Sir E. R. G. Evans, who delivered his address as Rector of Aberdeen University the other day, is the only man to have received one of Lloyd's gold medals for gallantry at sea. He won it on the occasion of the Hong Kong disaster, when he dived into a heavy sea and swam with a life-line to the sinking vessel. Not content with that, he returned to bring an unconscious comrade to the small motor launch, which had approached as near as possible. After that he dived in a third time to free the propeller from a piece of wire with which it had become entangled, reports the News of the World. He earned his famous title, "Evans of the Broke," when in charge of one of two destroyers which defeated six German destroyers off Dover in 1917.

Should Be Discouraged

British Royalty Thinks Official Presents Impose Needless Burden

King George intimated to foreign governments through official channels that he did not wish gifts on his coronation.

This follows the precedent set by his father, George V., who said shortly before the last coronation that outlays for lavish official presents were needless burdens on others and should be discouraged.

Since the coronation, the British royal family declined all gifts except those from personal friends.

Despite this precedent the British royal family and government still send magnificent gifts to other foreign rulers on state occasions.

Plants so shaded that they receive one one-hundredth of normal daylight grow little better than plants in total darkness.

HOW TO OVERCOME ITCHING PILES

If you are annoyed with itching piles or rectal soreness, do not neglect the same or run the risk of an operation. Any itching, soreness or painful passage of stool, is nature's warning and proper treatment should be secured at once. For this purpose get from any druggist, a package of Ilexol and use as directed. This formula, which is used internally, quickly relieves the itching and soreness and aids in healing the sore tissue. Ilexol is a physician's prescription and it is the height of folly for anyone to use his own special when a simple remedy, which is so pleasant to use may be had at such a reasonable cost.

THE SHOW GOES ON!

OH, MOTHER... I'VE BEEN CHOSEN FOR THE LEADING PART IN OUR CLASS PLAY!

WELL, YOU CAN'T BE IN THE PLAY... AND THAT'S THAT!

WHAT ARE THEY TRYING TO DO? GIVE HER AN EDUCATION OR WHAT?

CHORUS GIRL OUT OF HER!

WHY CAN'T EDITA BE IN THE PLAY? I THINK IT WOULD BE GOOD FOR HER.

IT'S TOO MUCH TROUBLE TO MAKE HER COSTUMES—WHEN I'M HAVING SUCH HEADACHES AND INDIGESTION.

WHAT DOES HE CARE HOW HARD YOU WORK AS THE KID HAS GOOD TIME?

YOU'VE BEEN FEELING BADLY FOR MONTHS, DEAR! LET'S GO AND SEE THE DOCTOR! COME ON—LET'S GO RIGHT AWAY!

WELL... I SUPPOSE IF I DON'T GO, I'LL NEVER HEAR THE END OF IT!

YOU'RE MAKING A BIG MISTAKE! DON'T LET HIM BULLY YOU!

MRS. BARCLAY, I BELIEVE THAT COFFEE NERVES IS CAUSING YOUR TROUBLE... I SUGGEST YOU GIVE UP TEA AND COFFEE FOR 30 DAYS AND DRINK POSTUM INSTEAD!

CURSE! IF SHE'S SWITCHING TO POSTUM I'LL HAVE TO SCREAM!

"IT SEEMS strange that tea and coffee could hurt me! I thought they were just good for children!"

"Oh, no! Many adults, too, find that the caffeine in tea and coffee can upset nerves, cause indigestion or prevent sound sleep!"

If you suspect that tea and coffee disagree with you... try Postum for 30 days. Postum contains no caffeine. It is simply whole wheat and bran, roasted and slightly sweetened. It's easy to make... and costs less than half a cent a cup. It's delicious, too... and may prove a real help.

Try a can of Instant Postum. If at the end of 30 days you do not feel better, return the can and we will refund the price of the Instant Postum, plus the postage. Consumer Service Dept., General Foods Ltd., Cobourg, Ont. 15-17

SELECTED RECIPES

CRISP COOKIES

Temperature: 400 degrees F.
Time: 15 minutes.
2 squares unsweetened chocolate
1/2 cup shortening
1 cup sugar
2 cups "Crown Brand" Corn Syrup
1/2 cup, unbeaten
1/4 cup flour
1 cup Benson's Corn Starch
1/2 teaspoon vanilla
1/2 cup finely chopped nuts
Method: Melt the chocolate in the top of a double boiler. Remove from heat and add the shortening, sugar, "Crown Brand" Corn Syrup, eggs, flour, Benson's Corn Starch and vanilla, beating the whole mixture thoroughly, being sure the eggs are added one at a time. Spread the mixture on baking sheets which have been oiled with Mazola. Sprinkle with nuts and bake in a hot oven. Cut while warm. These cookies are very crisp and easily made.

A Seedless Pear

Fruit On Ohio Farm Is Also Practically Coreless

A new seedling pear, seedless and practically coreless, has been found growing on a Columbian County, Ohio, farm. It resembles the Bartlett and compares favorably with that standard variety, ripening about ten days earlier. The tree promises to be vigorous and productive, and, while it has not yet been widely tested, it seems to have promise, especially for canning. For several years the fruits have averaged about 80 per cent. seedless.

Bicycles caused practically the same number of fatal accidents as privately owned automobiles in Great Britain in the last year.

To Mend Broken China

Mixture Of Isinglass And Vinegar Makes Excellent Fixative

An excellent china fixative can be made with isinglass which must be broken up into small pieces and placed in a small cup or egg cup, with a few drops of vinegar. The mixture should be of a syrupy consistency. Use a small camel-hair brush and paint the mixture on the previously cleaned edges, then press them tightly together. If possible, a thin rubber band will often be useful in keeping an article in position until the mixture has hardened sufficiently to hold.

The International Date Line, where each new day begins, has never been drawn by legal agreement.

Use Of Serums

Taken From Persons Recovering From Infantile Paralysis Found Effective

The use of serum from persons recovering from infantile paralysis to treat other victims proved effective in checking an epidemic in Manitoba, Dr. F. W. Jackson, deputy minister of public health for Manitoba, told the conference of state and provincial health officers.

"Altogether 539 cases were reported, of which 33 died and of the remainder only 99 had paralysis after the disease subsided. Six or seven only will be totally disabled," he said.

The Final Stop

You need 10 feet to stop your car at 20 miles an hour; 75 feet at 30 miles and 115 feet at 40 miles. At 50 miles you will need 166 feet—and if you keep on climbing in speed eventually you will need only "five or six feet"—depending upon your height. Moreover, then, you will be stopped for good.

"Is ink so very expensive, father?"

"No, dear, what makes you think so?"

"Well, mother seems quite disturbed because I spilled some on the hall carpet."

If each community used its own local sun time, a traveler going east or west would need to change his watch one minute every 33 miles.

A lightning flash lasts approximately one-millionth part of a second.

Russia expects to increase its oil production 18 per cent this year.

Extra Values at NO EXTRA COST

No matter how much you intend paying for tires driven in to your local Firestone Dealer and let him show you he can give you most value for your money. He has a complete stock of Firestone High Speed, Oldfield, Sentinel and Ground Grip tires that will give you the longest mileage at the lowest cost. Drive in and let him serve you.

MUST VACATE INDIAN LAND DESPITE LEASE

(Calgary Herald)
Occupants of farm lands for many years in the Blackfoot Indian Reserve, Harry Lake Dwellie was ordered to give up possession at once to the department of Indian

CARD OF THANKS

Mr. and Mrs. Campbell Evans and family wish to express their deep appreciation for the many and beautiful tokens and kind expressions of sympathy from their many friends in their recent deepest sorrow.

affairs in a judgement handed down in supreme court by Mr. Justice S. J. Shepherd.

Dwellie leased the farm land from the department of Indian affairs in 1932 having occupied the land for years previously. The lease expired on March 15, 1936, and on March 9, George H. Gooderham, Indian agent, wrote Mr. Dwellie as follows:

"You are no doubt aware that the lease of section 24, 25, and 30 and the east half of 26 will expire on the 15th instant. The department would like to know if a renewal is desired. Please let me know as soon as you can."

Mr. Dwellie replied as follows: "I have your letter of the 9th instant sent me, Emporia, Kansas. Sure glad you wrote me as I fought about the lease having been made for a shorter period the last time. Yes, a renewal is desired, say five years this time. The Indian department may guarantee good crops for the next five years under the terms of the lease, if they so desire. No objection on my part."

Following receipt of this letter by the department, a renewal lease for four years was prepared, and Mr. Dwellie signed it. The renewal, how

Town & District

Mother's Day church services in town were largely attended.

Mrs. R. S. McQueen spent past week in Edmonton visiting relatives. Miss Edith Murray of Three Hills spent the week end visiting with Mr. and Mrs. N. A. Riddell.

One day last week J. E. Ostrander found a grasshopper fully an inch long. That grasshopper evidently was an early bird.

Miss Betty Taylor, who is training in the General Hospital, Calgary, arrived home Monday for a couple of weeks holidays with her parents Mr. and Mrs. E. W. Taylor.

The members of the Gleichen baseball club played their first game of baseball for this season Sunday at Queenstown. Final score 4-3 in Gleichen's favor. With such a small score for the first game both teams must be in a pretty fair condition.

Last week end was cleanup day in town and from all directions loads of rubbish were to be seen going through town bound for the nuisance grounds. The town took advantage of the occasion and had many loads of ashes dumped in the lane besides the little creek. In the past this lane has always been a mud hole. Already it has been vastly improved.

GLEICHEN UNITED CHURCH

Rev. J. N. Wilkinson, Minister.
Mrs. H. Birch, choir leader.
Miss Jean Farquharson, pianist.
11 a.m. Church School.

7.30 p.m. Devine Worship Subject: "The Human Element at Pentecost". Topic for Juniors: "A Little Boy's Hard Questions".

Because certain types of people, and possibly some religious cults have tried to counterfeit the experiences of Pentecost is no reason why the rest of us should ignore it altogether. By so doing we leave out something without which either as churches or as individual Christians we can never be fully successful. The sermon will seek to make clear the practical teaching of Pentecost for to-day.

The children's talk may be of as much interest to parents as children for the latter often ask questions that we often find great difficulty in answering.

JACK MOSS GIVEN CREDIT FOR HOCKEY SUCCESS OF VEGREVILLE CLUB

The Vegreville Observer speaking of Jack Moss says in part:

Citizens in general and the sporting fraternity of Vegreville in particular, will regret the departure of Jack Moss who received notification that he had been selected as manager of the Lethbridge Hurricanes.

Hockey in Vegreville boomed as never before under Mr. Moss' skilled hand. Coming here with an enviable reputation as a hockey coach, having coached the Gleichen Gunners to provincial honors on a number of occasions, Mr. Moss stepped into Vegreville hockey with commendable zeal and proceeded to build up a hockey machine here which won provincial titles and a Western Canada title. Previous to his arrival, local hockey was at a low ebb, crowds were poor and the type of hockey was, if possible, poorer. In his first year of coaching, Jack built up a hockey machine which got into the provincial semi-finals only to be turned back by Olds, who later went into senior ranks. In that one year interest in the game grew to such an extent that a memorable trip was made in a special train to Camrose; a trip which will live long in the memories of those who took it.

In the following year Vegreville Rangers overcame all obstacles presented in Alberta. The Western Canada crown, however, was wrested from them by the Kerobert Stuk Tigers, a really formidable club who won the series in two overtime games.

The last year of Mr. Moss' coaching brought the Western Canada Intermediate title to Vegreville, by defeating Lloydminster Protiles in a home and home series, for which a special train was again chartered and successfully run to the border town.

All this interest in hockey traces back directly to the activities of Mr. Moss and the partial success of the team this year, when Jack was reluctantly forced to resign as coach due to business reasons, must in a large measure be laid at his door.

ever was not executed by the department, and Mr. Gooderham wrote the following letter on November 5, 1936:

"I have to inform you that it is not the intention of the department to renew this lease, and it will therefore be necessary for you to vacate the premises on or before March 15, 1937."

The department granted a lease to other persons. Mr. Dwellie, how-

The Call Gleichen, Alta

ever, refused to give up possession of the land, contending that the sending and his signing of the renewal of the agreement sufficient to bind the parties.

Mr. Justice Shepherd held in his judgement that there was no concluded agreement in the letters, entitling Dwellie to a renewal of the lease.
